

VPA IB DP CS — Revision and Final Examinations (Weeks 10 – 18)

Revision and Final Examinations 复习与期末考试 Fùxí yǔ Qímò Kǎoshì

Level: SL + HL | Duration: 9 weeks | Goal: Examination readiness

Overview

The final 9 weeks are dedicated to intensive revision, mock examinations, gap analysis, and targeted intervention. All students should finish this period confident in their subject knowledge, examination technique, and IA quality.

Week 10 — Mock Examination Week 1

Day	SL	HL
Monday	Paper 1 Mock (1h30)	Paper 1 Mock (2h10)
Tuesday	Paper 2 Mock (1h30)	Paper 2 Mock (1h30)
Wednesday	Review and rest	Paper 3 Mock (1h) — if case study ready
Thursday	Paper 1 feedback lesson — common errors	
Friday	Paper 2 feedback lesson — programming technique	

Week 11 — Gap Analysis and Targeted Revision

Lesson	Activity	Output
1	Individual gap analysis: each student receives topic-by-topic breakdown	Personalised revision priority list
2	Topic 1-2 revision workshop (weak areas identified from mocks)	Consolidated notes; practice questions
3	Topic 3-4 revision workshop	Consolidated notes; practice questions
4	HL: Topic 5-7 revision workshop SL: Advanced programming practice	Consolidated notes / code practice
5	Exam technique: time management and question triage	Personal timing strategy

Week 12 — Mock Examination Week 2

Day	Activity
Monday	Paper 1 Mock (all students, full conditions)
Tuesday	Paper 2 Mock (all students, full conditions)
Wednesday	HL: Paper 3 Mock (case study, full conditions)
Thursday	Full feedback and DIRT for all papers
Friday	Target setting; revision plan update

Weeks 13 - 15 — Targeted Intervention

Intervention Groups

Students are grouped by mock performance and topic weakness:

Group	Focus	Frequency
A (Target 7)	12-mark essay refinement; HL: Paper 3 depth; cross-topic synthesis	2× per week
B (Target 5 - 6)	Secure 5-8 mark questions; reduce calculation errors; strengthen explanations	3× per week
C (Target 3 - 4)	Master 1-4 mark questions; essential definitions; basic calculations	Daily

Week 13 Timetable Example

Lesson	Group A	Group B	Group C
1	Essay planning clinic	Explain questions workshop	Definition flashcards + quiz
2	Paper 3 case study depth	Binary calculation practice	ER diagram + flowchart basics
3	Peer teaching: Topics 5-7	Trace table practice	Network labelling exercise
4	Past paper: 12-mark questions	Past paper: 6-mark questions	Past paper: 1-4 mark questions
5	Whole-class retrieval quiz (mixed topics)		

Week 16 — Final Preparation

Lesson	Focus
1	Last-minute topics: student vote on final revision priorities
2	Exam day preparation: what to bring, timing, stress management
3	Final Paper 1 practice: speed run (answer as many 1-4 mark questions as possible in 30 minutes)
4	Final Paper 2 practice: pseudocode under pressure

Lesson	Focus
5	HL: Final Paper 3 practice; SL: Extended revision on weakest topic

Weeks 17 – 18 — Examination Period

During the official IB examination period:

No new content is taught

Optional drop-in revision sessions offered daily

Individual tutorials available on request

Past paper "warm-up" sessions before each exam

Well-being check-ins; stress management support

Revision Resources Provided

Resource	Description	When Available
Condensed Notes	One-page summary per topic (bilingual)	Week 10
Formula Sheet	Binary calculations, memory calculations, scheduling formulas	Week 10
Past Paper Pack	All available past papers sorted by topic	Week 11
Markscheme Guide	Annotated markschemes showing how marks are awarded	Week 11
Video Explanations	Short videos on common difficulties (VPA teacher-made)	Ongoing
Peer Revision Guides	Student-created revision materials (Gold students)	Week 12

Well-being During Revision

Student Well-being Checklist:

- ☐ Sleep: aim for 8 hours per night
- ☐ Breaks: 5-minute break every 25 minutes (Pomodoro technique)
- ☐ Exercise: at least 30 minutes daily
- ☐ Nutrition: regular meals; hydrate
- ☐ Social connection: talk to friends and family
- ☐ Help-seeking: ask teachers early if struggling
- ☐ Victoria Park Academy Shenzhen | IB DP Computer Science | Revision & Examination Programme
