EAL Support Strategies in Assessment

Visual Supports: All assessments use picture cues, icons, and color coding

Bilingual Glossaries: Key terms displayed in English, Chinese characters, and Pinyin

Sentence Frames: "I like my story because..." / "I learned to..." / "I can..."

Peer Translation: Bilingual students may assist with instructions (not answers)

Extended Time: Bronze-level students receive additional time for all tasks

Retakes: Students may retry practical assessments after additional practice

Parent Communication

Each term, send home a bilingual progress report including:

Smiley face self-assessment from student

Teacher comments in English + Chinese summary

Photo of best work sample

2-3 suggested activities for home practice
